Interior designer and colour expert Jane Lockhart has teamed up with top Canadian furniture suppliers Korson Furniture Design, and Statum Designs Inc. to launch Jane by Jane Lockhart, a collection of upholstered furniture and casegoods. Lockhart, known for her hit design show Colour Confidential, has created a design forward line in a range of contemporary to classic looks, hand selected to coordinate flawlessly with one another. "Furniture must look beautiful and the fabric and details should evoke luxury and timeless elegance," said Lockhart, "but not so formal that you're afraid to sit in it."
